

Welcome!

At Boonah, we love our beautiful local school. It preserves a wonderful country feel while delivering good educational outcomes for our students in a friendly 'family' environment. Visitors to our school are immediately struck by our wonderful grounds which are maintained by our hardworking groundsman.

It is a tree-studded site offering a lot of shade and at the same time, much open space for the students to play and run around. Parade is held once a week on a Friday morning, where parents and community members are encouraged to come along and join in the celebration of awards handed out to deserving students. We take pride in singing the national anthem and reciting the school pledge. It's a great positive way to finish off our week.

Our students love our school and the greatest reward for all staff is the smiles that the children bring with them in the mornings and take home with them in the afternoons.
