**BOONAH
STATE
SCHOOL**

Boonah Brilliance

At Boonah SS we believe that by providing an engaging and personalised approach to teaching and learning, **EVERY** child will experience success. In fact we support every child to be the best they can be by being the best we can be.

PREP

In Prep, Boonah Brilliance is achieved by providing our youngest learners with vibrant, inquiry based learning activities in a safe and nurturing environment. We acknowledge that our prep children have been learning since birth and therefore come with a range of experiences, skills and knowledge. We embrace these differences because the one thing they all have in common is a thirst to learn more.

We promote 'Boonah Brilliance' in every child by offering more than a great education with quality outcomes. We also offer:

INSTRUMENTAL MUSIC/BAND

Musicians at our school can learn an instrument and perform throughout the year in our Award Winning Band.

SPORT/SWIMMING

Our children engage in weekly HPE lessons as well as receiving specialist training to compete against other schools in a range of sports including netball, soccer, cricket and athletics. Thanks to our Learn to Swim program, students develop water safety and compete in our annual carnival. Our P-2 students participate in a weekly Perceptual Motor Program.

EXTENSION ACTIVITIES

Students who demonstrate a talent in particular key learning areas are given extension opportunities. These can include AV/Media Team, ICAS, Writers Conference, Public Speaking Competition and more.

DRAMA/DANCE

Performing arts are our specialty! All students from Prep to year 6 with the help of many parents and staff take to the stage in an extravaganza of dance and drama in our end of year concert spectacular. Many hands make light work and our concert volunteers make costumes and props to perfection.

STUDENT SUPPORT SERVICES

Student wellbeing is a core value at our school. Initiatives to support students include Kindness Detectives, Bucket-Filling, Respectful Relationships, Life Education, Rock and Water, Seasons for Growth, Learning Support, Fun Friends, Breakfast and Homework Clubs.

CHAPLAINCY

Our fantastic Chaplain and Student Welfare Leaders work with students to 'build' social networks and support our students through games, chess and 'Friends for Life'.
