Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Providing individual feedback to students on a writing task at the beginning of each unit and monitoring improvement through a parallel assessment task at the unit's conclusion.
- Implementing a Rainbow Writing program to teach children to "think about what they are writing" and not "writing what they are thinking".
- Monitoring the development of reading behaviours in individual students in years 1-3, analysing running records and PATR diagnostic information
- Providing individual feedback and explicit teaching for students' instructional need.
